Quick Start Guide
Welcome to Armatus! We have developed some helpful hints to ensure you retain what you learn. Good luck and enjoy your courses.

1. Right Place, Right Time
   Set the right conditions for learning. Create an environment with no interruptions, no phone calls, and no distractions—simple as that. Set aside 30 to 45 minutes for each course so you don’t have to hurry.

2. Take your Time
   Have patience and take your time. Read carefully to make sure you fully understand the content. Instead of rushing through the training, plan to complete only one or two courses each time you login so you can really absorb what you’ve learned. Complete each course from beginning to end. If you stop a course before you finish it, you’ll have to start over at the beginning of the section where you left off.

3. Follow the Orange Arrows
   When it’s time to move to the next page, an orange arrow will appear. Click the orange arrow to move forward. Do not use your Internet browser’s forward and back arrows or refresh buttons, or you’ll find yourself back at the beginning of the course!

4. Think about It
   Lastly, pause and think about what you are learning. Throughout the course, think about how you can apply what you are learning to your own position. We know that with proper concentration you can understand and apply what you learn. When you pass the quiz at the end of the course, you’ll earn credit.
